**Frameworks:** React.js, Node.js.

**Database Management System:** MySQL, MongoDB, SQL Server, Firebase.

**Project Management Tools:** Jira, Slack.

**Code Management:** GitHub, Gitlab.

**Other Tools:** Semantic UI , Salesforce, Android Studio, XCode, Eclipse, Azure Studio, MS Excel, MS Office, MS Word, MS Power point.

## **PROFESSIONAL EXPERIENCE**

### **Salesforce Frontend Developer Student Coop**

**Jan 2023 - Present**

Blackberry, Waterloo, Ontario, Canada

- Designed, developed, and customized user interfaces using Salesforce front-end technologies such as Lightning Web Components, Visualforce, and Apex.
- Collaborated with backend developers and integrated the front-end with the backend systems, including Salesforce APIs and external data sources.
- Developed reusable components that can be used across different Salesforce applications and projects that reduced development time by 20%.
- Worked closely with cross-functional teams, including product managers, project managers, and QA engineers, to ensure that the applications I develop meet the business requirements and are delivered on time.
- Attended daily scrum meetings and technical discussion meetings with other fellow developers.

### **Full Stack Web Developer Intern**

**Sep 2020 - Apr 2021**

Paul Mason Consulting Pvt Ltd, Vadodara , Gujarat , India

- Developed responsive web applications using Node.js, Angular.js, and TypeScript, resulting in a 40% increase in user engagement.
- Integrated front-end and back-end systems to ensure that they work seamlessly together.

- Participated and contributed in weekly code reviews with senior developers.
- Wrote structured, tested, readable and maintainable code for websites.
- Resolved 100+ client tickets including critical ones, resulting in 95% client satisfaction

### **Android Developer Intern**

**May 2020 - Aug 2020**

Fusion Informatics Limited, Ahmedabad , Gujarat , India

- Designed and developed app screens and its workflow using activities and fragments.
- Collaborated with product managers and UI/UX designers to create secure, seamless mobile experiences.
- Wrote maintainable and reusable Java code.
- Composed user documentations to support the developed applications.

### **Web Developer Intern**

**Jun 2019 - Jul 2019**

Parthi Info Solutions, Vadodara , Gujarat , India

- Implemented rich user experiences by creating new features using HTML and CSS.
- Managed, optimized and updated PHP databases as necessary.
- Adjusted web design using HTML5 and CSS3 and followed best practices and development standards.
- Participated in team meetings and provided updates on the status of the work.

## **PROJECTS**

### **Search for a recipe**

- Developed a web page for searching different recipes.
- Made use of APIs for listing ingredients and displaying random recipes.
- Project makes use of HTML, CSS and Vanilla Javascript for fetching information from API.

### **Multiple Mini Projects Using Vanilla Javascript (<https://github.com/devanshi7799>)**

- Built 20 frontend projects from scratch, demonstrating proficiency in developing web applications independently.
- Developed projects without relying on JavaScript or CSS frameworks, showcasing a deep understanding of core web technologies.
- Utilized modern JavaScript (ES6+) features such as arrow functions, fetch API, promises, etc., to create efficient and maintainable code.
- Demonstrated expertise in DOM manipulation and event handling to create dynamic and interactive user interfaces.

## **LEADERSHIP EXPERIENCE**

### **Microsoft Learn Student Ambassador**

**Sep 2019 - Sep 2021**

Microsoft, India

- Selected as a Microsoft Learn Student Ambassador for two consecutive academic years.
- Gained experience of working in a team, connecting with other like-minded students and applied leadership skills.
- Organized and conducted multiple workshops with Ambassadors.

## **CERTIFICATES AND TECHNICAL TRAINING**

**The Complete App Design - UX,UI and Design Thinking (Udemy)**

**Design Rules - Principles and Practices for Great UI Design (Udemy)**

**Figma UI UX Design Essential (Udemy)**

**Agile Project Management, Agile Delivery (Udemy)**

**Android Application Development**

**IOS Application Development**
